Prayer Walk

Prayer is fellowship with God. Worldly pleasure is anything that crowds Christ out of life. Persistent prayerful study produces great personal rewards. So take time to search the word and you will discover the treasures of God's Wisdom. The Bible may be old, but its truth is always new. In the Bible, God talks to us. Many books can inform but only the Bible can transform. To hear God speak, read the Bible carefully and study it prayerfully. Read the Bible, believe the Bible and obey the Bible. Only Jesus, the living water, can satisfy our thirst for God. We cannot bear fruit without the water of God's Word. The well of God's blessings will never run dry.

To build a Godly life, let God be the architect and His word the blueprint. If you walk with Christ, you cannot run with the world. No matter where we are, Jesus is only our prayer way. Prayer is not an option, it is an essential thing. Prayer is simply a two-way conversation between you and God.

Prayer is a confession of one's own unworthiness and weakness. Prayer does not change God, but it changes him who prays. Prayer teaches trust in God through waiting upon His timing. Prayer requires more of the heart than of the tongue. Faith and Prayer are the vitamins of the soul, man cannot live in health without them. Prayer should be the key of the day and the lock of the night.

Give Christ the key to every room in your life. To be a peace maker, let the peace of Christ reign in your heart.

President, YWCA of Madurai
